Subject: IT 121 – Capstone I

Activity Title: Understanding the Capstone and Its Parts

Deadline of Submission: June 13, 2025 @3:00 pm

Submission Format:

- Times New Roman
- Font Size 12
- Paragraph Justify text (use bullets or any command button that will identify the important details of your answer)
- Single Spacing
- PDF format
- Send thru email delpinadokaizzamaris@gmail.com

Objective: To assess students' initial understanding of the purpose of a capstone project and help them identify and describe each key part of a typical capstone documentation.

Part A: What is a Capstone Project?

In your own words, answer the following:

- 1) What is a capstone project?
- 2) Why is it important in an IT program?
- 3) What do you expect to learn or experience while working on your capstone?

Write at least 2-3 sentences per question.

Part B: Parts of a Capstone Project

Below is a jumbled list of typical sections of a capstone project. Match each part with its correct description. Then, briefly explain its purpose in 1 sentence.

Parts of the Capstone	Descriptions (Jumbled)
1. Introduction	C. Explains the background, objectives, and rationale of the study
2. Review of Related Literature	D. Lists previous research and similar systems related to the topic
3. Methodology	E. Describes how the system was built, tools used, and process followed
4. Results and Discussion	A. Presents how the project was tested and evaluated
5. Summary, Conclusion, and Recommendation	B. Summarizes the entire capstone report

Your Task: Write the correct letter beside each part and add your one-sentence explanation (e.g., “1. Introduction – C – It explains what the project is all about and why it matters.”)

Part C: Reflect & Share

Answer briefly:

- Among all the parts of the capstone project, which one do you think will be the most challenging for you? Why?
- What kind of IT project is you personally interested in doing (e.g., mobile app, web system, automation, network project, etc.)?
